

Meet Joe Boddicker, Founder and President

Born and raised in Iowa, Joe grew up around the livestock industry of the heartland. After graduating from Central College, he continued to focus his professional life on agriculture and property development.

He moved to the northern Virginia area in the early 90's as manager of a large ranch near Waterford. In 1995, at the encouragement of colleagues, he entered into Real Estate. Since that time his main focus has always been property development, selling to and for developers.

From this wealth of experience and his own personal investing, Joe has become one of the "go to" people for property investments in Northern Virginia.
